Lifeguard application: The council reviewed the 4 applications that were submitted. Jared Woolf made a motion to hire Angie Laird, Chacoy Wood, Shelby Reynolds and Aryale Marshall as lifeguard for the upcoming season. Barry Marshall seconded the motion; all voted in favor, the motion passed. The Council would like to open the lifeguard position back up and see if there is any more interest. They would like to hire two more.

There were no applications for the assistant pool manager. The Council would like to repost this job until position is filled.

Kyle Blackner the Beaver County Building Inspector explained to the council that the Governor of Utah has declared May as Building Safety Month and would like each jurisdiction in the state to sign a proclamation supporting this event. Kyle explained the events that he has planned, taking programs and activities to the schools in Beaver County to promote this in hopes that people will learn the importance of having safely built buildings. He would like to ask the Council if they would be willing to sign the proclamation and declare May as Building Safety Month. The Council agreed and Mayor Ward Dotson signed the Proclamation. Kyle thanked the council for their time.

Katie Hansen the swimming pool manager would like to ask the council if they would allow her to have lap swim combine for both male and female at 7:00 am. The council agreed. Katie read the policy and procedures for the pool on kids that didn't follow the rules or caused problems. The council agreed to continue to enforce that policy. Years ago midnight swim was always \$2.00 per person; it didn't matter if you had a pass you still had to pay. Katie would like to know if the council would like to start charging again. The council was not aware that it had changed and yes they feel it should be charged separately from the pass, as it was set up to be. Katie also would like to know if the council would still like the lifeguards to teach swim lessons. The lifeguards are not trained in teaching and she is concerned that people are going to expect more from them. The Mayor would still like to still offer classes and see
