Mayor Evans then called the meeting to order at 5:03 pm.

Minutes: Kade Blackner made a motion to approve the minutes from the September 4<sup>th</sup> 2018 Council Meeting without additions or corrections. Barry Marshall seconded the motion; all voted in favor, the motion passed.

Fire Chief Les Whitney has contacted Lantax Fireworks which is the company that the town purchased the 4<sup>th</sup> of July fireworks through, which were not set off this year because of the dry conditions. Lantax will take them back for a fee of \$600.00. They will have to send someone down to pick them up or one of the firemen will have to take them back. You have to be certified to transport explosives. The other options are to hold them until next year or set them off on New Years. The Council has some concerns about storing them. Les is confident that he can store them safely until next year. The Council agreed to keep them until next 4<sup>th</sup> of July.

Les has not been able to come up with any more information on the emergency fire equipment building since the last time he met with the council a few months ago that proves who owns the building. The only thing Les is for sure about is that the building was built with funds from the service district, Minersville Town and CDBG grant funds for the purpose of housing emergency fire equipment, and that is what the building has held for the last 20 years and should continue to house. The question was asked, what is intended for the use of the building? Mayor Evans would like the building to be turned back to Minersville Town to use because the service district has a large new firehouse and Minersville Town could use this old building for the public as a weight/exercise room or a place to hold dance classes for the youth. Les Whitney intends to put a wild land fire trailer and a hazmat trailer in the building. The council tabled this discussion until more information can be collected.

Taylor Pearson was not able to be to the meeting. Taylor's conditional use permit for his bird business is up for its yearly renewal. The council discussed the permit and if there were any problems noted. Barry Marshall made a motion to renew Taylor Pearson's conditional use permit for his bird business with the same conditions as stated on the last permit. Todd McMullin seconded the motion; all voted in favor, the motion passed.

Mayor Caleb Evans would like to revisit the Daytime Curfew Ordinance for Minors that the council passed at the last meeting. Mayor Evans is concerned that the council did not fully understand everything in the ordinance. Mayor thought that the school board was
