Wendy Yardley was asked by Beaver County Commissioner Dalton to come to the Town Council and explain the after school program and the funding that is needed. Wendy explained that the after school program is 4 days a week, two and a half hours per day. It is mainly for kids that may have to go home after school to an empty house that parents may be working but they don't turn any kids away that want to participate. This program helps kids with homework and gives them a healthy snack and activities. The program has been funded by a DWS grant each year but Beaver County did not receive the grant this year, it costs approximately \$10,000.00 a month to run the program for the county. Wendy would like to let the council know that they have received money from the hospital board, fire district and others to be able to get the program underway this year and have applied for another grant that they should know by November if they will get funded. The Council thanked Wendy for the information.

Minersville Librarian Shannon Terry would like to ask the council to hold off on paying Beaver City for the courier fee, she is trying to work out another agreement to make it more cost effective for Minersville. She is also working on an overdue Amazon bill. Shannon would like to know if the council would approve of her starting a teen program at the library, they had a fundraiser a few years ago and raised \$362.00 for a teen program and never used it. The council agreed that it would be a good program.

Tommy Woolf representing the Beaver County 4-H program would like to ask Minersville Town to support them in the stock show this year. The council agreed that if the 4-H kids would do a service project for the town they would pay them \$250.00 Kade Blackner made a motion to give the Beaver County 4-H kids 250.00 Todd McMullin seconded the motion; all voted in favor, the motion passed.
